FLEX FSX

REAR MODULE

The Flex FSX module gives the best of both worlds with a 21 gallon livewell, two jump seats, underseat storage, and a ski pylon base [ski pylon available separate for purchase].

FLEX 29

The Flex 29 is a rear module divided in two sections - a 29 gallon livewell on one side and additional storage on the other.

FLEX 50

The Flex 50 module is all about catching fish, since it comes with a 50 gallon livewell.

TROPHY

AVAILABLE WITH

- ROTAX S ON 175X AND 185X
- TRADITIONAL OUTBOARD ENGINE ON 175X, 185X, 195X AND 205X
- MAX DECK (OPTIONAL WITH ROTAX S)
- ALUMATRAC ACCESSORIES
- LINQ ACCESSORIES

FEATURE HIGHLIGHTS

MAX DECK

The new Rotax S enables the installation of the optional MAX Deck. It provides an additional 25 sq ft of fishing and recreational space, and includes LinQ attachment points for even more storage possibilities.

ROTAX S

The seamlessly integrated Rotax S means more usable space on the boat with all the benefits of a traditional outboard. And with no exposed rigging hanging off the transom, the Rotax S takes safety and recreation at the stern to a new level.

X-PODS

These transom extensions wrap around both sides of the engine and feature convenient, in-floor storage compartments. The additional 16" of space gives you more standing room and water access at the stern, and easier handling.

2XB HULL

Our exclusive 2XB™ double-plated hull dramatically reduces sound and vibration, paired with larger aircraft-grade rivets and a seamless one-piece hull bottom, means a soft, quiet and dry ride, even in rough water.

REDESIGNED CAPTAIN'S HELM

Provides improved integration of both switching and electronics and uses injection-molded plastic materials to enhance the overall fit and finish. Comes standard with a 7" Garmin digital display, NEMA network, and the option to install up to two 12" graphs behind the windshield.

BOW CONTROL CENTER

The new bow control center gives you the option to mount up to a 12" graph and includes a tool holder, cell phone holder with a USB charging station and a trolling motor foot pedal well.
